

This Ain't No Ordinary Love Song

P.O.D.

I dont belong, too many wrongs, Im so undeserving
Im lost inside confusing minds, a slave to what I'm feeling
Scared of what I'm thinking, I'm not worried about forgiving you
Now the simple truth This ain't no ordinary love, love song
This ain't no ordinary love, love song
This ain't no ordinary love, love song This love undone, words left unsung, now I have become me
The reasoning escapes my soul that leads to understanding
Loving you to death is stopping someone else from living too
Now its killing you This ain't no ordinary love, love song
This ain't no ordinary love, love song
This ain't no ordinary love, love song Losing control to all my thoughts
Want to let go but I cannot
This is my love, its all I got
Dont take me there in hell I'll rot This is my love, its all I got
This is my love, its all I got This ain't no ordinary love song
This ain't no ordinary love
This ain't no ordinary love song This ain't no ordinary love song
This ain't no ordinary love
This ain't no ordinary love song This ain't no ordinary love
