

# B With Me

## Mis-Teeq

What I want is for you to be with me  
Loving you everyday would be easy  
What I know is that we will never be  
But that doesn't stop me from wanting the dream of reality  
What I want is for you to be with me  
Loving you everyday would be easy  
What I know is that we will never be  
But that doesn't stop me from wanting the dream of reality  
I saw you this morning  
As I left my house on the way to work  
You were wearing the same old attire  
The pin striped suit and shirt  
If only you knew the things we could do  
As we cross round the corner at the photo booth  
Don't think I can see you're lusting for me  
Cos I know you're down with OPP  
What I want is for you to be with me  
Loving you everyday would be easy  
What I know is that we will never be  
But that doesn't stop me from wanting the dream of reality  
Well I'm over here and you're over there  
Tempting looks are all we've got to share  
But you can't take a bite of the apple in sight  
My body's pulsating at the thought of you there  
All I want to do is hold you tight  
I want to know how you feel inside  
But I'm with another man day and night  
And your girl sits on the next desk to mine  
What I want is for you to be with me  
Loving you everyday would be easy  
What I know is that we will never be  
But that doesn't stop me from wanting the dream of reality  
Don't let me show you my weakness  
I'm falling deeper can't keep this  
Burning desire that's deep in my soul  
Now that you're feeling you just can't control  
Baby see my frustration, unbearable situation  
You're with her and I'm with him  
So we can't let our love begin  
What I want is for you to be with me  
Loving you everyday would be easy  
What I know is that we will never be  
But that doesn't stop me from wanting the dream of reality  
What I want is for you to be with me  
Loving you everyday would be easy  
What I know is that we will never be  
But that doesn't stop me from wanting the dream of reality
