

Counter Parts (feat. Evidence & Iriscience)

Swollen Members

Check it out

Check it out

Check it out

Check it out Yo hit the switch in December, I'll be on till November

Bombin', disturbin' the calm at civic centers

Make a smoothie outta rapper and his ice in my blender

Beyond the fender bender, dilated-swollen members Independent money makin', no time for waitin'

Rakka stimulin', designed for penetratin'

Nuttin' to prove, air sea and land mover

Crescent heights, Cali up north to Vancouver Molecular monitors censors an anaconda that harbors

A feeling for heat and armor and eating a snake charmer

Capital break, wrap it in tape the cidic images

Stand up and when I twist the lid off of a silver cylinder Crash the vehicular, makes a riveting statement

Prior engagement escape this electric engagement

Select the vegenance surraying for the four-blade tango

Enough voltage in my panel to constantly change the channel Yo I came here to change the whole sound of art

And let 'em know it all comes down to art

The mission now is ripped the whole town apart

Wit my colleagues, my teammates, my counter parts Yo I came here to change the whole sound of art

And let 'em know a new cycle is bound to start

The mission now is ripped the whole town apart

Wit my colleagues, my teammates, my counter parts Yo, some pay no mind, man, I put time in so play this

You live on the edge, I live on the San Andreas

In range of clear and present danger

Can't even trust my shadow, every day it's lookin' stranger In ten years you'll find me on the low

Full-bearded serpico wit flows yo

Coolin' in the cut crevice, underground tavern

Wit wifey and seed still on point like a javelin Mad child twists and turns like an Indian burn

Wit powerful jaws and character flaws

Rippin' and tearin' wit claws kill if I'm aware of the cause

Not to mention, knuckles white from inner tension Witch doctors and war chiefs approaching

Fantastic adventures, a frightening fortune

Scorpion tail snaps, constrictor strangles

SNM rocks, Dilated works the angles Yo I came here to change the whole sound of art

And let 'em know a new cycle is bound to start

The mission now is ripped the whole town apart

Wit my colleagues, my teammates, my counter parts Galvanize steel grate, I tell you're quite well made

I trust you're rush into an open blade of rust

Hands to ribbons, is in a beat box of must

Crimson wordplay prevail, the narrator from the doorway
My partners in this, have gotta be clearly obvious
Known for superior form of smoke inhalation from spoken incineration
Omens of Damien reignin' in present new haven
Now ain't that amazing? Yo I'm inspired and wired that time will be attractive
Not tired I've fired volcanoes still in active
The unibomber! Causin' drama or terror, it's fabulous
I'll bounce to the arting wit a backpack full of travelers
Checks to burn, stay warm for the brain storm 'cuz in my
snow storm
I freeze if I don't sleep below the ice for my blanket
Thank earth for its hidden treasures
And now I'm takin' drastic measures Yo I came here to change the whole sound of art
And let 'em know a new cycle is bound to start
The mission now is rip the whole town apart
Wit my colleagues, my teammates, my counter parts
Indulge in this intrusion underworld defender
Horrendous snowball of absolute insanest
Riskin' freedom to be famous
When nothin' remains except passion and pain
No slashin' the vein, to bleed and drown in a bath
Fall down and I laugh, get up wipe myself off
And walk down a new path I'm intact, you can't handle the impact
In sync, blazing wit killer instinct
Aiyyo I excel, they all fell new details, mad child prevail
I remove the veil, manifest god self
As the life-giving son, iriscience brings twelve
Like Buckingham Palace to British Columbia
Three states under ya, I deal wit district of Columbia
Understand the numbers and the system that you're under
And why them belly full but we keep 'em feelin' hunger
Check it out
Get live, catchin' wreck is our thing
Check it out
Get live, catchin' wreck is our thing
Check it out
Get live, catchin' wreck is our thing
Check it out
Get live, catchin' wreck is our thing
Check it out
