Guano Apes

This was a grave day
People wanna hear it
People wanna smell it
They give me their cigaretteThe way you look
Don't ever change in a mirror
You have promised yourself
To be straightStraight up into the sun
So show me your real face
Send all your wishes I'll give them all to you
With that money you're getting cruel
Is that the shit you're waiting for
And now you want more and moreI'm falling asleep
I'm falling asleep
And if you don't like it
You'd better find another wayWhat would you do to get your money back?
I'm all in the game ready to be quick 'cuz
What you earn and what you say
Isn't there not a fee no one likes to pay?What would you do to get your money back?
I'm all in the game ready to attack 'cuz
What you earn and what you say
Isn't there not a fee no one likes to pay?Tell me why?
Tell me how?
Tell me your secrets
I'm sick of thisDon't play with that money child
You look so funny
Yes that's the shit you're waiting for
Now I know it better get out the doorWhat would you do to get your money back?
I'm all in the game ready to attack 'cuz
What you earn and what you say
