# One Way Street

## Nine Below Zero

Driving down a one way street
There's something wrong with everyone I meet
They look at me as if to say
He must be mad to drive the wrong way

I say but yeah
It's my life and I'm
against the grain

I'm driving
Down a one way street
I'm driving
Down a one way street
I'm driving
Down a one way street
I'm drivin...

Well they told me to go by the book
But just look at the time that it took
I had to go my own way
But I knew what the people would say

I say but yeah
It's a pain but I'm
Against the grain

I'm driving
Down a one way street
I'm driving
Down a one way street
I'm driving
Down a one way street
I'm drivin...

solo

I'm driving
Down a one way street
I'm driving (yes I am)

Down a one way street
I'm driving
Down a one way street
I'm drivin
