

# Little River

Cindy Mangsen

I'm feeling very low  
I hope it doesn't show

When I'm low  
The boats they just don't flow  
Oh they never go (They never go)  
They never go

At first saw the sunrise  
But not for too long  
I wish the wind would blow  
I wish it was strong, oh

I could always cry a tear  
So could you  
We could wash the way clear  
To let me through

Maybe tomorrow  
I'll be there, too  
We'll still be together  
Ad still be blue
