Broken People

KJ-52

Welcome to the world
welcome to the aching world
a woeful world
of broken people
She's really a good girl
from a good family-yeah
they say it's old money
in the perfect position
to reach out and heal him
They would drink her wine
whenever she was gone-yeah
home sex videos
her man was plain wrong
that girl is plain evil
Welcome to the world
welcome to the aching world

a woeful world
of broken people
Your sister she's classy
you you're defying your daddy
yet somehow you knew
that day would come
there'd be a reprisal
Welcome to this world
welcome to the aching world
a woeful world
of broken people
Help them out?
no, you can't help them out
not even you
they'll break you in two
they'll break you in two
