Winter Sleep

Santa Clara

Days are growing short,
sweater weather
I've been missing you,
this December
12 months flies by, I
wonder where you are tonight

Fires are burnin' slow,
snow is falling
Watch the telephone,
thinking of calling
Where's the time go, why
will i never know

[chorus]
All I want this Christmas Eve,
to be wrapped in your arms,
wrapped in your arms, oh
and fall inter Winter sleep
Watch movies by the tree,
and be wrapped in your arms,
wrapped in your arms, oh
and fall into Winter sleep

White glitter lights,
on the buildings
make me think of you,
you love the small things
Church bells ringing,
choir singing

Pass the gentleman,
with his darling
See a payphone,
thinking of calling
Where's the time go,
Oh baby please come home

[chorus]
All I want this Christmas Eve,

to be wrapped in your arms,
wrapped in your arms, oh
and fall inter Winter sleep
Watch movies by the tree,
and be wrapped in your arms,
wrapped in your arms, oh
and fall into Winter sleep (x3)

Days are growing short,
sweater weather
I've been missing you,
this December, oh oh oh ohh
oh oh oh (x2)

All I want this Christmas Eve,
to be wrapped in your arms
Wrapped in your arms, oh,
and fall into Winter sleep,
Watch movies by the tree,
and be wrapped in your arms,
wrapped in your arms, oh
and fall into Winter sleep
