

THE SUMMER IS OVER

Jassniro

SUMMER IS OVER
(words & music by Jassniro)
(Spoken word):

There is always a moment at the end of every summer,
With the arrival of the first strong storm, in which the memories of the summer
That is gone mix with the odour of the rain, in the game of lights and colours of
the rainbow that follows, in the memory of loveâ€!

(Verse)

The summer is over,
Itâ€™s over now, itâ€™s over now..
And Iâ€™m in bed, and Iâ€™m thinking of you..
And Iâ€™m in bed and Iâ€™m thinking of you..

There is always a moment at the end of every summer..(repeating..)
