Half The World

Rush

Half the world hates what half the world does every day
Half the world waits while half gets on with it anyway
Half the world lives, half the world makes
Half the world gives while the other half takes
Half the world is, half the world was
Half the world thinks while the other half does
Half the world talks with half a mind on what they say
Half the world walks with half a mind to run away
Half the world lies, half the world learns
Half the world flies as half the world turns
Half the world cries, half the world laughs

Half the world tries to be the other half
Half of us divided, like a torn-up photograph, torn-up photograph
Half of us are trying to reach the other half, to reach the other half
Half the world cares while half the world is wasting the day
Half the world shares while half the world is stealing away
Half the world lives, half the world makes
Half the world gives while the other half takes
Half the world cries, half the world laughs
Half the world tries to be the other half
To be the other half
