

Pledge Your Allegiance

Upon a Burning Body

Get the fuck upTake a step to the edge
Left behind far from bliss
Heartless coward
Suicide is painless but you've never felt it anyway
Soulless bastard
Never trust a snake slither soul on fire
There is no place for you
So run away, fade away
Get the fuck away from meAshes to ashes and dust to dust
Everything burns, so why give a fuck?
Ashes to ashes and dust to dust
Everything burns, so why give a fuck?Pledge your allegiance to our anthem
Generation hate
Generation hate
Generation hate
Pledge your allegianceHear it, feel it
Need it, want it
It's like a drug but no one supplies it
Dissatisfaction's guaranteed
So you can hear it, feel it
Need it, want it
I am the drug you fucking fiend
Now beg now plead
Motherfucker on your kneesHeartless coward
Soulless bastard bow
Heartless coward
Soulless bastard
I'll bet you're sorry now
I'll bet you're sorry now
While we're speaking of cowards
I'll look straight through you, a.k.a fuck you
Where are my manners?
I don't have to hurt you
I'll just let you kill yourselfNever trust a snake slither soul on fire
There is no place for you
So run away, fade away
Get the fuck away from meAshes to ashes and dust to dust
Everything burns, so why give a fuck?
Ashes to ashes and dust to dust

Everything burns, so why give a fuck?Pledge your allegiance to our anthemGeneration hate

Generation hate

Generation hate

Pledge your allegianceHear it, feel it

Need it, want it

Hear it, feel it

Need it, want it
