

Have You Seen Me Lately

Carly Simon

Have you seen me lately? What was it you saw?
Are you gonna catch me
With my hand in the jar, naked singing in the choir?
Have you seen me lately? Did I look okay?
Are you gonna shame me and take my toys away? Don't wake me unless you love me
It takes too long to fall back to sleep
Don't wake me unless you're a friend of mine
I'd rather just fall back on dreams Have you seen me lately? Did I miss a beat?
Are you gonna make me get back on my feet? Don't wake me unless you love me
It takes too long to fall back to sleep
Don't wake me unless you're a friend of mine
I'd rather fall back on dreams Don't wake me unless you love me
It takes too long to fall back to sleep
Don't wake me unless you're a friend of mine
I'd rather just fall back on my dreams Have you seen me lately? Was I crazy?
Don't wake me, don't wake me
Don't wake me, don't wake me
