

Down In the Dumps

Pro-Pain

Angry on the outside angry on the in
Disgruntled with the thing I see Looking for a future that lies in your hands
Is such a bad place to be
Educated hippies and psychedelic yups Really gets my Irish up I am just a beggar, begging for some money
Spare some change to fill my cup It's not so bad, I'm happy like a pig in shit
Unlike some puppet of a sult and tie chump When anybody wants something from me That's where I'll be - Face
down in the dumps Mercilessly seeking pleasure in my pain The wages set do not increase
Can't afford the rent, I'm tossed out in the rain I lost my life and lost my lease Hard times are coming up around
the bend It's been that kind of year My battle with the bottle, is back with a bang I need a drink, so where is my
beer It's not so bad, I'm happy like a pig in shit Unlike some puppet of a sult and tie chump
When anybody wants something from me
That's where I'll be - Face down
