Proud

Marshmello

Hold on, hear me out
Empty rooms can be so loud
I just wanna let you know I'm proudI just wanna let you know I'm proudClose your eyes, tune them out
You're right here, with me now
I just wanna let you know I'm proud
I just wanna let you know I'm proudI just wanna let you know I'm proudI just wanna let you know I'm proud
I just wanna let you know I'm proudI just wanna let you know I'm proudI just wanna let you know I'm proud
(I just wanna let you know)
(I just wanna let you know)
(I just wanna let you know)Hold on, hear me out
Empty rooms can be so loud
I just wanna let you know I'm proud
I just wanna let you know I'm proudClose your eyes, tune them out
You're right here, with me now
I just wanna let you know I'm proud
I just wanna let you know I'm proudI just wanna let you know I'm proud
I just wanna let you know I'm proud(I just wanna let you know)
(I just wanna let you know)
(I just wanna let you know)
I just wanna let you know I'm proud
Hold on, hear me out
Empty rooms can be so loud
I just wanna let you know I'm proud
I just wanna let you know I'm proudClose your eyes, tune them out
You're right here, with me now
I just wanna let you know I'm proud
I just wanna let you know I'm proud
