## Dynamite Boy

What of the blessings?  
Of the tired arms waiting for more?  
At times  
And if you sleep  
And the pressure is then off  
Where has it gone?  
What blazing white giant  
Pulls off the darkness?  
Is it good for you  
To ask for assistance?  
And to ask for it for others also?  
Next time you get sick you'll know  
You might even see  
You'll see
