

Just Isn't Like You

[Stephen Stills](#)

There is a stranger
Where I once knew you
There is a dangerous energy
Flows through you I don't know what to say
Just get out of the way
And remind you
This just isn't like you I wouldn't pay no mind
'Cept for the voices
Telling you I won't mind you
Makin' my choices Not wishing to be unkind
But you are out of line
Need I remind you
This just isn't like you And I must confess
To bein' heart broken
That you would still insist
I been jokin' When I am always there
As you are well aware
Doesn't it strike you
It just isn't like you
