

Every Little Step

Play

We'll be together
Every little, every little step I take
Every little, every little step I takeI can't sleep at night, I toss and turn
Listen for the telephone
When I get your call, I'm all chocked up
Can't believe you called my homeAnd as a matter of fact, it blows my mind
If you would even talk to me
'Cause a boy like you is a dream come true
A real life fantasyNo matter what your friends try and tell you
We were made to fall in love
And we will be together, any kind of weather
It's like that, it's like thatEvery little step I take, you will be there
Every little step I make, we'll be together
Every little step I take, you will be there
Every little step I make, we'll be togetherI can't sleep at night, I toss and turn
Listen for the telephone
When I get your call, I'm all chocked up
Can't believe you called my homeAnd as a matter of fact it blows my mind
You would even talk to me
'Cause a boy like you is like a dream come true
A real life fantasyNo matter what your friends try and tell you
We were made to fall in love
And we will be together, any kind of weather
It's like that, it's like thatEvery little step I take, you will be there
Every little step I make, we'll be together
Every little step I take, you will be there
Every little step I make, we'll be togetherEvery little, every little step I take
Every little, every little step I take
Every little, every little step I take
Every little, every little step I takeNo matter what your friends try and tell you
We were made to fall in love
And we will be together, any kind of weather
It's like that, it's like thatEvery little step I take, you will be there
Every little step I make, we'll be together
Every little step I take, you will be there
Every little step I make, we'll be togetherEvery little, every little step I take
Every little, every little step I take
Every little, every little step I take
