

# Jealous Hearted Man

## Muddy Waters

It ain't but two things  
That I really understand  
It ain't but two things  
That I really understand  
Well you know that is a lyin' woman  
You know boys and a jealous hearted man

Yeah I'm so jealous  
When I go home my wife goes to bed  
Yeah that chick on the yard go to roost  
I heard what that man said  
Yeah you know my dog jumped the fence  
They keep sayin' he may be awful scared  
Spoken: I don't play with nobody boy

Yeah when I was in the country  
I only had two friends  
Yeah that was a whistlin' woman  
You know boys and a crowing hen  
That's when I found out the first time  
You know my trouble just begin  
Spoken: Look here Johnny, I got bad luck

Yeah when I go home  
My wife runs and goes to bed  
Yeah anytime I go home mad  
My wife runs and jumps in the bed  
Yeah you know my chickens all go to roost  
You know I heard what that man said  
Spoken: I'm awful mad Johnny

Yeah when I was in the country  
I only had two friends  
Yeah that was a whistlin' woman  
You know boys and a crowing hen  
That's when I know for sure  
My trouble just begin
