

Oh Yes

Latitude 10

Okay, get up, get up
DipSet, Juelz Santana, Heatmakerz
I think this the one right here
Everybody, come on, get up, he's movin' again
I'm like, oh yes
I'm nice, wait Mr, Mr
Still pitching, weight
Still flipping, weight, yeah
So come fuck with the boy
I'm still pumping the boy
I'll still dump on the boy
Blue steel pump to the boy
I'm Mr. Postman
Also Mr. Toastman
I'm yellin', wait
Yeah, I'm sellin', weight, hey
I keep my chick on smash like a muhfucker
Thick lips, hips, tits, ass like a muhfucker
I get big chips, cash like a muhfucker
I don't wait, nope, I won't wait, yeah
I explore and cruise
Islands and shores that's new
Bring the boat out, smoke out
Watch the water move
I'm a water dude
Jet skis, water pools
Surfing the wave
I'm hurting the wave, yeah
Like, Cowabunga, dude
This forty cali-caliber
Cowabunga you
Bump you like how a bumper do
I'm on the corner
Pumpin' like how a pumper do
What, that weight
Yup, that weight
Ay, oh yes
Yae, oh yes
Say, oh yes

Wait a minute this the this-the-this

This the jam, yep

Put your hands up

And just wave

And just wave

Ay, oh yes

Yae, oh yes

Say, oh yes

Wait a minute this the this-the-this

I'm Mr. Postman

Also Mr. Toastman

Oh, man wait

Oh, man wait

I'm Mr. Postman

Also Mr. Toastman

Oh, man, I'm back

Oh, man, I'm back

I'm back, oh yes

I'm crack, wait Mr, Mr

Sorry about the wait

Sorry I made ya wait

I can't let my peeps down

I can't let my seed down

They need me out there, yeah

I can't let the streets down

I gotta do it B I

G now, I see now

I couldn't wait

Nope, I couldn't wait

Plus the ladies love the kid

Plus the babies love the kid

Could it be I'm from the eighties

They know what I'm up against

Call me a grinder

Call me a survivor

Why should I wait

How could I wait, no

Plus I'm a sex symbol

That'll make your bitch bed tremble

Floor shake, bar rock, hard cock

Hit it left once, right twice, work the middle

Stroke her wait

Then I smoke a weight

Ay, oh yes

Yae, oh yes

Say, oh yes
Wait a minute this the this-the-this
This the jam, yep
Put your hands up
And just wave
And just wave
Ay, oh yes
Yae, oh yes
Say, oh yes
Wait a minute this the this-the-this
Oh yes
Wait Mr, Mr
Wait
Wait
Oh yes
Oh yes
Oh yes
Wait a minute this the this-the-this
