One for the Road

Ocean Colour Scene

No I never knew you
We both went to different schools
Me so sacred of the rules
You chasing all the girlsBut it seems to me
We never grew up
We just got ourselves free
Inventing what we could be
To buy all their curlsGet up and dance, get up and smile
Get up and drink to the days
Who are gone in the shortest whileShe was just 18, she collapsed
And they took her away
She didn't make it for more than an hour
Then she was goneWhat do you say
When someone's been taken away
Before they've had a day
To fly in the sunYou say get up and dance, get up and smile
Get up and drink to the days
Who are gone in the shortest whileYeah, get up and dance, get up and smile
Get up and drink to the once
Who are gone in the shortest whileI've seen my sorrow
I've seen my sorrow
I've seen my sorrow
I've seen my sorrowNo I never knew you
We both landed up as different fools
Me so sacred of the rules
You chasing all the girlsBut now it seems to me
Oh, we never grew up
We just got ourselves free
Inventing what we could be
If I had a curlsYeah, get up and dance, get up and smile
Get up and drink to the days
Who are gone in the shortest whileOh, get up and dance, get up and smile
Get up and drink to the once
Who are gone in the shortest whileI've seen my sorrow
I've seen my sorrow
I've seen my sorrow
