

I Can't Love You

Adore Delano

Baby, you're a work of art
Shooting star, lighting up the darkness
So lucky that we found this, yea-ah
You know you got me losing sleep
I can't believe
The beauty of this moment
It's all I've ever wanted But I can't love you
I can't love you today, I can't love you tomorrow
I can't love you anyway, I can't love you anyhow
I can't love you, love you
I can't love you today, I can't love you tomorrow
I can't love you anyway, I can't love you anyhow
I can't love you, love you I love the way you touch my lips
You live to kiss, the freckles on my shoulder
So I can pull you closer, yea-ah
Some people search all their lives
For what we've got
A fairytale in motion
With hearts to pass the ocean But I can't love you
I can't love you today, I can't love you tomorrow
I can't love you anyway, I can't love you anyhow
I can't love you, love you
I can't love you today, I can't love you tomorrow
I can't love you anyway, I can't love you anyhow
I can't love you, love you I can't love you, love you
I can't love you, love you
Wrote a chapter full of us
Just to burn it up
I can't love you, love you
I can't love you, love you
Tied to bed with bright green eyes
Just to come undone
But I can't love you I can't love you today, I can't love you tomorrow
I can't love you anyway, I can't love you anyhow
I can't love you, love you
I can't love you today, I can't love you tomorrow
I can't love you anyway, I can't love you anyhow
I can't love you, love you
