

Our Little Visionary

DOGSTAR

She says I got a tortured soul
I got soul that she don't know
She says it like it's all so clear
She starts to shake when I am near
There comes a point across our lives
Where we must see or we will die
I've seen it before
In your rainbow, there's a color
I don't remember as a child
There comes a point across our lives
Where we must see or we will die
She says I got a tortured soul
I got soul that she don't know
She says it like it's all so clear
She starts to shake when I am near
This is the point that's in our lives
Where we will see or will we die
