

You Carry Me

Moriah Peters

Feels like it's been miles and miles
Feels like it's an uphill climb
Sometimes I get weary on the way
But when I look back at where I've been
When I look back, I'm sure of it
I was right there in Your arms and I can say Every moment of my life
God, You never left my side
Every valley, every storm
You were there, You were there
I don't need to know what's next
You'll be with me every step
Through it all, through it all
I can see You carry me There are days I wonder if
You can fix the mess I'm in
Times when nothing seems
To go the way it should
But then I look back on every season
I can find there's ten thousand reasons
To trust that You can work all things for good Through the wind and waves
Through my worst mistakes
Through the times I thought I walked alone
You were holding me
You were whispering
I will never leave you on your own
