

# Backlines (Eight and a Half Remix)

## Stars

You pull me in you take me down and what you want is what?  
I love the colours of the road that lead me home to love  
One, two too many times you took to trip me up,  
Now that I know it's all you want it's still never enough  
Calling on the backlines  
Climbing from the battle to the other side  
If courage is a live wire, I see it in your eyes  
Too many pills think they know how to keep a choke on you  
But you've got power pressure when I have too much to lose  
The stakes are high my mind is twisted and the pressures up  
At four o'clock awake my head more dizzy than a flood  
Calling on the backlines  
Running from the battle to the other side  
If courage is a live wire I'll see it in your eyes  
Running from the battle to the other side  
If living isn't hard wired I'll see it in your eyes
