

# Drop A Gem On 'Em (The Killabits Dubstep Remix)

## Mobb Deep

It's the infamous back in the house once again  
Livin the life that of diamonds and guns  
And now gems pulls gats  
Like a basehead pulls on stems  
The mobb got the bomb run out and tell a friend  
Drop a gem on emTake a tire, all these fake crooks need to retire  
They gotcha gassed, takin back and snatch fire outcha  
Maggot ass, havoc represent for the Q-B-C  
Smoke that ass like a lucie tho I need to quit  
Fuck it, I love it like a cloud  
Over the projects your game I'm above it  
Its combat, gats bangers and all that  
You're a small cat, whatever you on get off that  
I mention, nuthin but the real shit presentin  
The hollow tip crew 41st side convention  
Try for you half-steppin Like a fresh tec out of the box  
Yo niggas I'm testin (there's no question)  
Bitch ass have you confessin  
Like a d-t left in state of depression  
You under pressure, intact no doubt catcher  
The snitch-snatcher tookin wit asthma  
You casper, you yell my name that's only givin me props  
Plus the fans that you got, wonderin what's got you hot  
Its too not, knocked out the box and got rocked  
Got raped on the island, you officially got  
Kick that thug shit, vibe magazine on some love shit  
(Keep it real kid, you don't know who you fuckin wit)It's the infamous back in the house once again  
Livin the life that of diamonds and guns  
And now gems pull gats like a basehead pull on stems  
The mobb got the bomb run out and tell a friend  
Drop a gem on emIt's the infamous back in the house once again  
Livin the life that of diamonds and guns  
And now gems pull gats like a basehead pull on stems  
The mobb got the bomb run out and tell a friend  
Drop a gem on em
