

Live Life Hard! (Feat. Matt Young Of King Parrot)

Soulfly

Live it and we learn it
And we breathe it everyday
Sacrificial soul, embryonic brain
Rising from the ashes
And the gutters and the drains
We seek, no other way
Stop, don't get ahead of yourself
The writings on the wall, evacuating hell
Burn the leeches, stand your ground
Get the fuck out, let's throw down Strike fast, strike first
A storm inside of us
Draw blood, first blood
The levee breaks the flood
Old habits, die hard
The living sacrifice
You burn, we burn
Nobody moves, nobody gets hurt Go hard or go home
Go hard or fuck off
Go hard or go home
Go hard or fuck off Live life hard! aaaarrrrrggghhhh!!! Go hard or go home
Go hard or fuck off
Go hard or go home
Go hard or fuck off Live life hard! aaaarrrrrggghhhh!!! Hey! what the fuck did you say?
Get the fuck out of my way I stand my ground
Motherfucker lets throw down!
