Find Me

Laura Branigan

If you see me trembling 'cos you're near
Please come closer, it's not you I fear
Find me, touch me, never let me go
Darlin', I'm so cold, hold meIf you hear me cryin' in my sleep
Kiss me gently, hold me while I weep
Find me, touch me, never let me go
Find me, reach me, feel what I can't show
Darlin', I'm so cold, hold meBecause you're near me now
I'm so much braver now
No longer lost somehow with you with meIf you feel me pushin' you away
That's me simply beggin' you to stay
Find me, touch me, never let me go
Find me, reach me, feel what I can't show
Find me, love me, God I love you so
Darlin', I'm so cold, hold me
