

# Tonight

Joe

Baby When are you are coming over?  
Girl i need it bad  
your body screaming gotta get closer  
girl i need to feel you next to me now  
so hurry up and come over  
just tell me what i gotta do to get you here  
so we can make love Chorus:  
Baby i'm gonna kiss you, i'm gonna hold you  
Gently caressing your body  
Baby we can do whatever you like  
When we're making love tonight  
I promise baby i will never stop  
Taste you till the last drop  
Until you reach ecstasy  
It's whatever you like and we gonna do it  
When we're making love tonight Uuh baby it feels so good to be inside your love  
It's driving me crazy  
Girl if you keep puttin it down like this  
i swear we'll mess around and have a baby ohhhhh  
the way that your skin feels on mine  
We need to have it daily  
ooohhhhhh, Nothing in the world compares to when we make love Baby I'm gonna kiss ya, I'm gonna hold ya  
Gently caressing your body  
Baby we can do whatever you like  
When we're making love tonight  
I promise baby I will never stop  
Taste ya till the last drop  
Until you reach ecstasy  
It's whatever you like and we gonna do it  
When we're making love tonight I'ma give it to you babe, (nice and slow)  
Nothin's to crazy, (anything goes)  
Daddy is on the mission assume the position  
I hope that you're ready baby cause i'm bout to start the show Girl i'm gonna do whatever it takes
