

Goodbye

[Kate Ryan](#)

Visions about you bring tears to my eyes
All that surrounds you were secrets and lies
You were my strength you were my dream
We were a perfect team you know Our love was stronger than the winds of time
Could hold you longer till the day I die goodbye, goodbye The love songs I wrote, I cannot sing them anymore
This is all your fault 'cause you walked out the door
You were my strength you were my dream
Love hurts, when it's not what it seems oh oh Our love was stronger than the winds of time
Could hold you longer till the day I die goodbye, goodbye
