Angels Too Tied to the Ground

U2

What is it that keeps me back from you
What is it when I just can't get through
What is it when we've nothing left to do
But savor the mess that we triedWhat is it when the clock just won't rewind
What is it when our love seems to stop time
I'm telling you
Waving a white flag
Baby got a white flag flying for you baby
Got a white flag, a white flagAngels too tied to the ground
Angels too tied to the ground
Angels too tied to the groundAnd now it's only alive in my head
In my mind
All in my head, in my mindAngels too tied to the ground
Angels too tied to the ground
Angels too tied to the groundAngels too tied to the ground
Angels too tied to the ground
Angels too tied to the ground
