Yes or No

The Go-Go's

You're alone and I am too
You're my idea of a pretty view
You can move or so it seems
I bet we'd make a decent teamI'm not asking for all your time
A song or two would suit me fine
I'm not asking for you to say
That you'll be with me all the wayShut your mind off for a while
Concentrate on the latest style
And every thing's alrightYes or no, I'll take it fast or slow
I'll make it easy for you to decide
Yes or no, you've got to let it go
Just take a stance
Either dance or tell me noIf you've got somewhere to be
If you've got someone besides me
Let me know, don't put me on
If it's not right then I'll be goneAll those dancers can't be wrong
All those answers take too long
So tell me, tell me nowYes or no, I'll take it fast or slow
I'll make it easy for you to decide
Yes or no, you've got to let it go
Just take a stance
Either dance or tell me noAll those dancers can't be wrong
All those answers take too long
So tell me, tell me nowYes or no, I'll take it fast or slow
I'll make it easy for you to decide
Yes or no, you've got to let it go
Just take a stance
Either dance or tell me no
