

Only You

Siya

Only you
Hold a nigga down when you know I'm on the road
Only you
Love-I hit the club & be acting like a hoe; no
Only you
Know what it feels to be wit' me
Only you
Know what it feels, know what it feels to be wit' me

Yeah, & that's real love
We can build love
We ain't gotta kill love
We can have a conversation
We chill, love
Mix the Redbull wit' tequila
Baby, I ain't playing I'm just saying that I miss you
We can fuck around or we can make this shit official
Ya got what I need
I know what you like
So fuck all these nigga who try to take ya for a rides, ya know

Only you
Hold a nigga down when you know I'm on the road
Only you
Love-I hit the club & be acting like a hoe; no
Only you
Know what it feels to be wit' me
Only you
Know what it feels, know what it feels to be wit' me

Yeah yeah & that's true love
You the truth, love
Dont get it confused, love-I done had some bad women but they wasn't you love
You the type to make a nigga give you all the moolah, cause you the motive
You tha one who got a nigga out here open
You tha one to say you love me & you mean it
So if I got it good think I betta' keep it
I betta keep it

Yeah yeah

Only you

Hold a nigga down when you know I'm on the road

Only you

Love-I hit the club & be acting like a hoe, no

Only you

Know what it feels to be wit' me

Only you

Know what it feels, know what it feels to be wit' me
