

# Under Pressure

## Queen & David Bowie

[Dr Dre]The long-awaited Detox, trick  
'Cause maybe I don't wanna stop, maybe I don't wanna quit  
Maybe I like hoes, maybe I don't want a wife, maybe I'm psycho  
Maybe I'm crazy, maybe I'm strapped right now, just maybe  
Maybe it's a relapse, maybe I'm high right now, where the weed at?  
Maybe this is ER, maybe I'm a real doc and this is CPR  
Maybe we need to breathe some life in this shit  
Maybe we are the life of this shit  
[?] Maybe I'm just crazy (Crazy)  
What they say? (What they say?)  
Sak pase (Sak passe)  
Nap boulÃ© (nap boulÃ©)  
[Jay-Z]Dre, I think I need my sponsor  
I'm just outta contro-o-ol  
Maybe I got hoes, every little city I go, like Paco  
We tryna grow, but I just can't seen her  
I'm havin' trouble cleanin' up, I'm like FEMA  
All these little haters got me back with the nina  
Got me bringin' guns to work, Gilbert Arenas  
Unh, I don't know if it's the Goose talkin'

But you know they say the liquor get your truth talkin'  
Maybe I should be somewhere in the group talkin'  
I'm addicted to coupes and takin' roofs off 'em  
I'm addicted to watches, Heckler and Koches  
Them bow-legged girls from the projects  
It's Bed-Stuy in this bitch (Bed-Stuy!)  
Dre, what's up? (It's Westside over here)  
I'm in this party, I'm up to no good  
And I should be duckin' these clubs, Tiger Woods  
[Dr. Dre]I smoke (I smoke)  
I drink (I drink)  
I'm supposed to stop, but I can't  
Nigga, don't ask why (Ask why)  
I get high (I get high)  
I'm just livin' my mo'fuckin' life  
So what? I'm drunk (I'm drunk)  
And I'm a weedhead (Weedhead)  
And I'ma treat every day like the weekend

Headfirst off the deep end  
Yeah, you know what's happenin'  
I'm just relapsin'
