Steal You Away

Gold Spectacles

I can see you standing with him
he aint holding your hand like he should
he aint listening to a word you say
he doesnt look at you the way i would
i should steal you awayive been wondering are you looking at me
thinking how it might be if you were minegirl it drives me crazy
he dont know what hes got
im fighting so hard not to cross the linei should steal you away i should steal you away
in the middle of the night come take your heart
i should steal you awayi could see us walking out that door
not looking back as we roll down the road
and i would show you what a mans supposed to be
take you anywhere you ever wanna goi should steal you away i should steal you away
in the middle of the night come take your heart
i should steal you away i should steal you away
