

# Rainy Day

## 10,000 Maniacs

On bended knee  
I've looked through every window then  
Touched the bottom  
The night, a sleepless day insteadA day when love came  
Came easy like what's lost now found  
Beneath a blinding  
A blinding light that would surroundWe were, we were, we were, we were without  
In doubt  
We were, we were, we were, we were about  
Saving for a rainy dayI crashed through mirrors  
I crashed through floors of laughter then  
In a blind scene  
No ties would moor us to this roomA day when love came  
Came easy like what's lost now found  
And you would save me  
And I held you like you were my childWe were, we were, we were, we were without  
In doubt  
We were, we were, we were, we were about  
Saving for a rainy dayOh, if I were you, defiant you  
Alone upon a troubled way  
Oh, I would send my heart to you  
To save it for a rainy dayWe were, we were, we were, we were without  
In doubt  
We were, we were, we were, we were about  
Saving for a rainy dayOh, if I were you, defiant you  
Alone upon a troubled way  
Oh, I would send my heart to you  
To save it for a rainy day
