Christmas

Dillon Fence

I'm not supposed to feel this way
We're closing in on Christmas day
When the world is upside down
We're gonna make it through
Somehow...
Don't you worry
We'll be fine
Snow will fall
And stars will shine
Even in the worst of times
It's Christmas
For the ones you leave behind
The colours of our country still
In mother's hands and father's will
Even when we're half awake
They cannot take our heroes away (away)
Don't you worry
We'll be fine
Snow will fall
And stars will shine

Even in the worst of times
It's Christmas
For the ones you leave behind
Behind, behind, behind
Oh, hey, hey-hey-hey
Don't you worry
We'll be fine
Snow will fall
And stars will shine
Even for the ordinary
Everybody needs to carry
Everybody, have a merry Christmas
From the ones you leave behind
Behind, behind
Merry Christmas
