Violet's Constellations

Magneta Lane

I lost my hands in a war
Sewed them back while it poured
Acid rain on my dress.
The stars in the sky direct my eyes
I will stay awake for nights
Even if our hope gets cold.He says where, where are you?
He says where are you going?
Well I don't really know
And I don't mind, I don't care
I won't fight you any more.I wrap my heart in red and gold
Keep it locked and see the world
Like a queen in my new dress.
They try to fight a love with time
If it lasts infinite nights
He can hold this heart he knows, knows, though...He says where, where are you?
He says where are you going?
I don't really know
And I don't mind, I don't care
As long as you're with me.
