

# Remember the Children

## Earth, Wind & Fire

Yeah  
Children  
(Remember)  
Remember the children, yeah  
Children  
(Yeah remember)  
Gotta remember the children, yeah yeah yeah yeah  
Children  
(Remember)  
Gotta remember the children, yeah See the message in their faces  
Tell us what the future brings, yeah  
Findin' far-off places, yeah  
Bringin' our souls and bathin' them clean  
Save, save, save the children  
(Save)  
Keep their minds so safe and free  
Save, yeah yeah yeah (Remember)  
Children  
Yeah yeah yeah yeah  
(Remember)  
Gotta remember the children, yeah yeah yeah  
Children  
(Yeah yeah)  
(Remember)  
Gotta remember the children, yeah See the message in their faces  
Tell us what the future brings, yeah  
Findin' far-off places  
Bringin' our souls and bathin' them clean  
Save, save, save the children  
(Save)  
Keep their minds so safe and free  
Save, yeah yeah yeah Save  
We don't now  
Save save  
What about the children? Save  
Save, save  
What about the children?  
What about the children?  
What about the children, yeah yeah? Save

Save, save  
What about the children? Save  
Save, save
