Venus In Chains

U96

I'm a slave to your love religion...
I believe in obsession, baby
You're driving me insane
I'm addicted to your sweet lovin'
A Venus in chainsIf I resign to this big temptation
You're the one to blame
Made me an addict of passion
Like a Venus in chainsHere's Venus in the chains of love
Feels so good, can't get enough
Chained up to her destiny
All you need is fantasyStep inside this vacant dream
Let me show you what it means
I'll convince you - here's your fate
Step right in and celebrateI believe in obsession, baby
You're driving me insane
I'm addicted to your sweet lovin'
A Venus in chainsIf I resign to this big temptation
You're the one to blame
Made me an addict of passion
Like a Venus in chainsIf I resign to this big temptation
You're the one to blame
Made me an addict of passion
Like a Venus in chainsI will surrender to love's seduction
Take venture as a game
'Cause I'm a slave to the love religion
A Venus in chainsI'm a slave to your love religion...I believe in obsession, baby
You're driving me insane
I'm addicted to your sweet lovin'
A Venus in chainsIf I resign to this big temptation
You're the one to blame
Made me an addict of passion
Like a Venus in chainsYou came, you saw and you conquered, baby
You took away the pain
Now I'm a slave to your love religion
A Venus in chains.
