

# Wish You Could Be Me

## Korn

I am going insane  
This shit is all the pain  
I can not maintain  
All the shit inside my brain I wish you could be me  
Then this shit you would see  
How tired I am  
And how shit got the best of me I wish you could look at me  
While you were raping me  
You were taking my life and Why should I complain?  
At least it helps my pain  
I am very I am going insane  
This shit is all the pain  
I can not maintain  
All the shit inside my brain I wish you could be me  
Then this shit you would see  
How tired I am  
And how you got the best of me At least you could look at me  
While you're raping me  
At least you could look at me  
While you're raping me You fuckin' pussy
