

# Dream a Dream

## Charlotte Church

When the night is still  
And the sea is calm  
Lonely shadow, you call upon me Lay by my side  
Fear not tonight  
Lonely shadow, you'll find a new light Dream a dream  
And see through angel's eyes  
A place where we can fly away Ride with me upon a shining star,  
Above the moonlit sky  
We will find Elysium Hear the nightingale  
Sing a lullaby  
Lonely shadow, you'll find a new light Dawn will be kind,  
All will be bright,  
Lonely shadow, rise from the darkness Dream a dream  
And see through angel's eyes  
A place where we can fly away Ride with me upon a shining star,  
Above the moonlit sky once more We'll dream a dream  
And see through angel's eyes  
A place where we can fly away We'll dream a dream  
And see through angel's eyes  
A place where we can fly away  
In Elysium
