

Big Fat Woman

Jim Croce

You big fat woman get your fat leg off of me

You big fat woman get your fat leg off of me

You feel so good

Scare the hell out of me

You got a great big leg

Got a whoppin' thigh

Great big leg

Got a whoppin' thigh

Now oooh

You got a great big leg

Got a whoppin' thigh

And every time you move make my temperature rise

That fine lookin' woman got a great big leg

Fine lookin' woman got a great big leg, Yeah

Big fat woman with a great big leg

Big fat woman got a great big leg

And every time she moves

Moves like a soft boiled egg So big fat woman get your fat leg off of me

Now you obese woman get your fat leg off of me

You feel so good

Scare the hell out of me
