

# Good Girls

## 5SOS

All of my friends tell me that I am the good girl  
Yes they do  
They all see me as me being so perfect  
Little miss goody two shoes  
If I do something a little risque  
They all gasp and I just say  
[Chorus:] Good girls, wanna get crazy sometimes too  
They wanna shake off their halo, kick up their heels  
And let their wild side show  
Good girls, wanna get crazy sometimes too  
I try to be the good girl mama raised me up to be  
Sometimes breaking all the rules sounds mighty good to me  
Like going where I don't belong

Rockin' 'till the break of dawn  
[Chorus:] Good girls, wanna get crazy sometimes too  
They wanna shake off their halo, kick up their heels  
And let their wild side show  
Good girls, wanna get crazy sometimes too  
How can I be an angel, I've got no wings at all  
Don't put on no pedestal, you know I'm bound to fall  
Good girls wanna get crazy sometimes too  
[CHORUS 2x:] Good girls, wanna get crazy sometimes too  
They wanna shake off their halo, kick up their heels  
And let their wild side show  
Good girls, wanna get crazy sometimes too
