

# Sign On The Line

## Steppenwolf

So many toys, so little time  
You got your share, now I want mine  
I'd love a trip to paradise  
Ain't got the cash to pay the price But every time I turn around  
Someone's at my door  
Who says he's got the answer  
I've been looking for? Sign on the line, buy now, pay later, sonny  
Sign on the line, don't worry 'bout a thing  
Sign on the line, well hey, it's only money  
Sign on the line, go have your fling I want the high life on TV  
Just like they do on dynasty  
To live a life fit for a king  
And have the best of everything But every time I save a buck  
Someone's on my case  
Waivin' pen and paper  
They stick it in your face Sign on the line, buy now, pay later, sonny  
Sign on the line, don't worry 'bout a thing  
Sign on the line, well hey, it's only money  
Sign on the line, go have your fling Been spending like a millionaire  
On women, cars, house in Bel Air  
And all the things I can't resist  
Now I got handcuffs on my wrist I said, "Judge, a man like me  
Can't make a dime in jail"  
He said, "Son, use your credit card  
So you can make your bail" Sign on the line, just buy your freedom, sonny  
Sign on the line and walk on out of here  
Sign on the line, well hey, it's only money  
Sign on the line but don't you disappear, hear?
