

Love Makes the World

Carole King

There was trouble in my mind tonight
Somethin' inside didn't feel quite right
Then I saw your face in the moonlight
And I was right beside you
Don't need words that we used to use
It goes deeper than the words we choose
Can't lose I want to spread the news
you got love inside you Some days it's hard to know what you're feelin'
I've been down that road before [Chorus]
I can't stop believing
Love makes the world go 'round
As long as you're a part of me
Nothin's gonna take me down, oh
Yeah
Last winter when the snowfall hit
Cold city it was hard to commit
You were out there lookin' for the perfect fit
And I was right beside you
Nothin' real comes overnight
you weren't sure if it felt right
But sometimes a love can move your life
If you let it guide you Baby you got to take love where you can find it
Just walk right through that door [Chorus] Gonna make it happen together
We are strong now, watch us fly [Chorus]
