

# Stymied

## Buffalo Tom

Broken  
By words left unspoken  
I thought you was joking  
The words you sayStymied  
Please come untie me  
You're lyin' right beside me  
Don't lie to meLying  
I caught you lying  
You caught me trying  
Don't let me catch you lyingDaisy  
Open up the daisies  
And lay my so lazy  
Soul to sleepHoping  
I was not joking  
Was merely choking  
The words got caughtLying  
You caught me lying  
I caught you trying  
Don't let me catch you lyingLying  
I caught you lying  
You caught me trying  
Don't let me catch you lyingLazy  
Daisy  
Lazy  
Daisy  
Lazy
