

# We Got the Party

## Hannah Montana

Come on, guys, tell me what we're doing  
We hang around when we could be all over the place  
The sun is shinin', just the way we like it  
Let's get out of this hall and show the world our face  
It's Friday but there's nowhere to go  
Anywhere is cool but we're not going home  
And we can do anything we wanna do  
It's all up to me and you  
Turn this park into a club, the stars are lights  
And the moon is so bright from above  
Skateboard here's all right  
So pull on up, everyone is waiting for us  
Anywhere we are, anywhere we go  
Everybody knows, we got the party with us  
Anywhere we are, anywhere we go  
Everybody knows, we got the party with us  
We got the party with us, we got the party with us  
Radio, let me be a DJ  
I'll turn you up, keep us moving 'til we're on a roll  
Everyone is dancing to their own beat  
And letting go, everybody here's gotta soul  
It's Friday and there's nowhere to be  
We're kicking it together, it's so good to be free  
We got each other and that's all we need  
The rest is up to you and me  
Turn this park into a club, the stars are lights  
And the moon is so bright from above  
Skateboard here's all right  
So pull on up, everyone is waiting for us  
Anywhere we are, anywhere we go  
Everybody knows, we got the party with us  
Anywhere we are, anywhere we go  
Everybody knows, we got the party with us  
We got the party with us  
We got the party, we got the party  
Life is for dreamers and I'm a believer  
That nothing can stand in our way today  
Let's find a place to play  
Turn this park into a club, the stars are lights  
And the moon is so bright from above  
Skateboard here's all right  
So pull on up, everyone is waiting for us  
Anywhere we are, anywhere we go  
Everybody knows, we got the party with us  
Anywhere we are, anywhere we go  
Everybody knows, we got the party with us  
Turn this park into a club, the stars are lights  
And the moon is so bright from above  
(We got the party with us)  
Skateboard here's all right

So pull on up, everyone is waiting for us  
Anywhere we are, anywhere we go  
Everybody knows, we got the party with us  
Anywhere we are, anywhere we go  
Everybody knows We got the party, we got the party  
We got the party, we got the party with us  
We got the party with us
