

# The Gravedigger's Song

## Mark Lanegan

With piranha teeth  
I been dreaming of you  
And the taste of your love so sweet  
Honest its trueThrough my heart flows sleep  
And the dark heavy rain  
Where the gravediggers song is sung  
You've been torturing meTout est noir, mon amour  
Tout est blanc  
Je taime, mon amour  
Comme jaime la nuitLove, is the medicine good?  
Is the crow flying eight miles high?  
Over wire and woodShovel down six feet  
With a head heavy pain  
The magnolia blooms so sweet  
And it fades just the sameTo the stars my love  
To the sea  
To the wheels my love  
Till they roll all over meOh love, i been thinking of you  
With razor white teeth so sharp  
Honest its trueIn my blood flows sleep  
And the dark heavy rain  
The magnolia blooms so sweet  
Only torturing meTo the stars my love  
To the sea  
To the wheels my love  
Till they roll all over me
