Invoice

Madelyn Brene

Invoice
VS. 1
Congratulations, I played my part
And now you get to benefit from a Man
That I helped start
I built him up, I held him down
So how in the hell you get to inherit from this treasure I foundChorus :
I think I'll write you an invoice,
With all of my fees
Cuz everything you love about him
Is because of me..... (repeat)Vs. 2:
When we first started, he was half the man
He didn't even learn to walk right
Without holding my hand
Now I'm not asking a lot from you
But all I want to get is the credit
Where you know it is dueChorus
