Tangled Up In You

Aaron Lewis

You're my world, the shelter from the rain You're the pills that take away my pain You're the light that helps me find my way You're the word when I have nothing to say In this world where nothing else is true Here I am still tangled up in you I'm still tangled up in you Still tangled up in you You're the fire that warms me when I'm cold You're the hand I have to hold as I grow old You're the shore when I am lost at sea You're the only thing that I like about me And in this world where nothing else is true Here I am still tangled up in you I'm still tangled up in you How long has it been Since this story line began? And I hope it never ends It goes like this forever In this world where nothing else is true Here I am still tangled up in you I'm still tangled up in you I'm still tangled up in you I'm still tangled up in you
